

# I 2019 Cherokee County Community Health Improvement Plan (CHIP)

The 2018 Community Health Assessment priority areas are:

- **Cancer Control and Prevention**
- **Chronic Disease Control and Prevention**
- **Access to Healthcare**

The following CHIP Scorecard was created and submitted **November 31st, 2019** in order to meet the requirements for the **Cherokee County** Long and/ or Short Term Community Health Improvement Plans.

Clear Impact Scorecard™ is a strategy and performance management software that is accessible through a web browser and designed to support collaboration both inside and outside organizations. WNC Healthy Impact is using Clear Impact Scorecard™ to support the development of electronic CHIPs, SOTCH Reports and Hospital Implementation Strategy scorecards in communities across the region.

Scorecard helps communities organize their community health improvement efforts:

- Develop and communicate shared vision
- Define clear measures of progress
- Share data internally or with partners
- Simplify the way you collect, monitor and report data on your results

The following resources were used/reviewed in order to complete the CHIP:
